

## Press release

### **Ethypharm is sad to announce the death of Bertrand DELUARD, President and CEO of the Ethypharm Group.**

**Saint-Cloud - France - September 15, 2022. Ethypharm is deeply saddened to announce the death of Bertrand DELUARD, President and CEO of the Ethypharm Group. Bertrand DELUARD passed away on Tuesday 13 September at the age of 61 following a serious illness which he had been battling for several months. Ethypharm's management team and the members of the Supervisory Board offer their sincere and deep condolences to Bertrand DELUARD's family.**

Bertrand DELUARD, has had a remarkable career of more than 30 years in the pharmaceutical industry, notably at Aventis where he was the General Manager of the Portuguese subsidiary for 3 years, at Johnson and Johnson for 10 years in various Strategic Management positions at France, Europe and global level, and from 2015 to 2018 at Cardinal Health as President EMEA.

Bertrand DELUARD joined Ethypharm in 2018 as CEO and in 2019 as President and CEO of the Group. In parallel to these functions at Ethypharm, Bertrand was a member of the Strategic Committee of the Board of Directors of Amplitude. Finally, he was also President of the association Paving the Way to School.

A man of challenges, visionary and charismatic, Bertrand's commitment and entrepreneurial spirit have helped accelerate the transformation and growth of the Ethypharm Group into an agile European pharmaceutical company that is more forward-looking than ever.

Interim governance in place since 1 May 2022 ensures continuity of operations.

Ethypharm's management team and members of the Supervisory Board, as well as all Ethypharm employees, send their deepest condolences to his family.

#### **About the Ethypharm Group**

Ethypharm is a European pharmaceutical company focused on two areas: the Central Nervous System and Hospital injectables. Ethypharm markets its drugs directly in Europe and China, and with partners in North America and the Middle East where its drugs are in high demand. The Group employs 1,500+ people, mainly in Europe and China.

Ethypharm works closely with authorities and healthcare professionals to ensure the appropriate use of and access to its medicines, by as many people as possible.
